- Our reference :

NQSA letter dated October 25th, 2013

Dear Mr Casal,

By your letter, quoted in reference 2, you confirmed that Bureau Veritas Certification interest to support the development of NSQ-100. In that frame, you sent by mail on February 7th, 2014 to NQSA all the documents requested by our letter quoted in reference. Therefore, an audit was performed by two NQSA assessors on February 19th, 2014 (see the NQSA report sent by mail dated February 28th, 2014).

Following this qualification audit, the NQSA assessors have analysed your answers and stated that the Bureau Veritas Certification ongoing action plan is satisfactory and in line with the audit conclusions to meet NQSA procedures for both qualification of certification bodies and qualification of auditors.

I have submitted these information to the industrial members of the NQSA board of Directors held on March 19th, 2014 in Neuilly sur Seine, France. After analysis of the file, I am pleased to inform you that the industrial members of the NQSA board of Directors have concluded to qualify Bureau Veritas Certification Holding SAS, [67/71 Boulevard du Château, 92200 Neuilly sur Seine, France] as a Certification Body to deliver NSQ-100 certificates pursuant to the NQSA procedure "Qualification process for Certification Bodies provided that the NQSA services agreement is signed.

You will find enclosed the NQSA qualification certificate of Bureau Veritas Certification. As mentioned in the NQSA procedure regarding the Qualification process for Certification Bodies, a NQSA surveillance assessment will be performed before March 2015.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Thierry Zumbihl', with a long horizontal stroke extending to the right.

Thierry ZUMBIHL
NQSA Chairman
